

MOSAIC

LINEAR BEAM CEILING SYSTEM

The Mosaic Linear Beam Ceiling System represents the next evolution of Lumabuilt's design-forward aluminum systems — a line created to bring the signature Mosaic aesthetic indoors. Combining architectural precision with creative freedom, our ceiling system reimagines interior environments as expressive, dimensional spaces that balance form and function.

The Linear Beam Ceiling System transforms ceilings into refined architectural elements, adding depth, rhythm, and warmth to interior spaces. Every component is crafted from durable aluminum and finished using Lumabuilt's proprietary sublimation process, achieving the natural appeal of wood with the lasting performance of metal.

Built for design flexibility, low maintenance, and enduring beauty, the Linear Beam Ceiling System extends the Mosaic legacy — giving architects and designers new ways to shape interiors with the same sophistication that defines Lumabuilt's exterior systems.

Design Freedom

Offered in a variety of profiles and finishes to realize any vision.

Interior Versatility

Designed to elevate both residential and commercial interiors.

Installation Flexibility

Accommodates multiple installation methods for creative freedom and efficiency.

Fire Resistant

Crafted from non-combustible aluminum to meet the highest safety standards.

Sustainable Choice

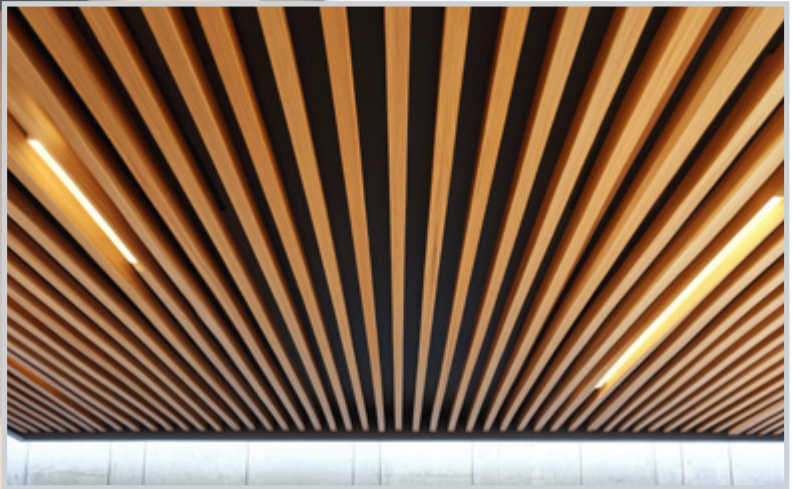

Made from recyclable aluminum that supports greener design.

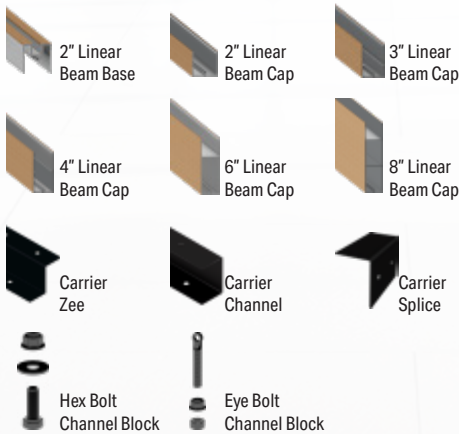

Installation, Simplified by Design.

Engineered for efficiency, the slotted beam base enables direct attachment to the carrier using a sliding hex bolt assembly. This intuitive connection method accelerates installation while allowing flexibility in positioning and alignment across the ceiling layout.

Linear Beam Ceiling System

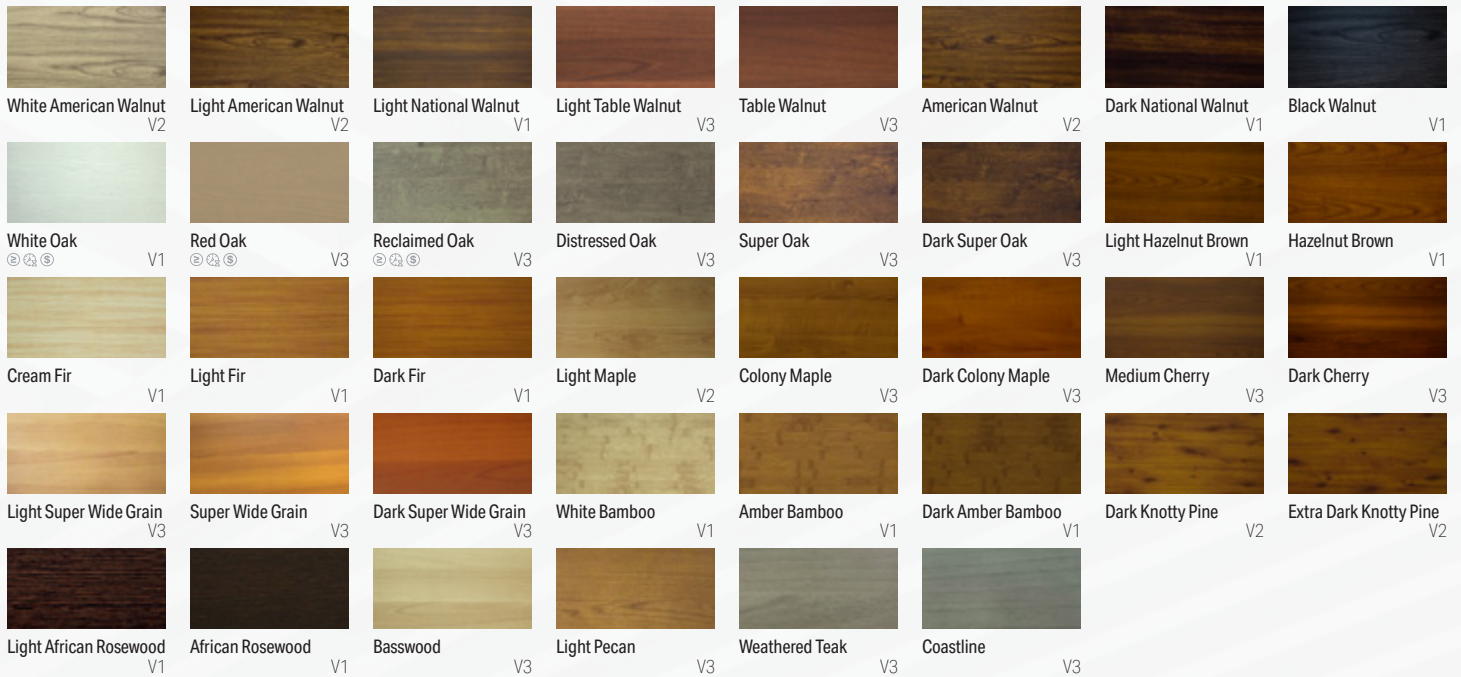

| PROFILE/PRODUCT | PRODUCT NUMBER | LENGTH' | WEIGHT |
|---------------------|-----------------------|---------|-------------|
| 2" Linear Beam Base | ABBTB2X288 | 24' | .239 lb/lf |
| 2" Linear Beam Cap | ABBC2X2X288 | 24' | .558 lb/lf |
| 3" Linear Beam Cap | ABBC2X3X288 | 24' | .804 lb/lf |
| 4" Linear Beam Cap | ABBC2X4X288 | 24' | .996 lb/lf |
| 6" Linear Beam Cap | ABBC2X6X288 | 24' | 1.487 lb/lf |
| 8" Linear Beam Cap | ABBC2X8X288 | 24' | 2.408 lb/lf |
| Carrier Zee | CARRIERZEEFRAME | 10' | 1.387 lb/lf |
| Carrier Channel | CARRIERCHANFRAME | 10' | 1.387 lb/lf |
| Carrier Splice | CARRIERSPLICE | - | .3125 lb/ea |
| Hex Bolt Assembly | CHANBLOCKHEXBOLTASSY | - | .075 lb/ea |
| Eye Bolt Assembly | CHANBLOCKKEYEBOLTASSY | - | .081 lb/ea |

*Linear Beam components may require a fresh, square cut due to the manufacturing process.

Finishes That Define the Design

From warm woodgrains to sleek solids and specialty textures, Lumabuilt offers a versatile palette designed to bring any architectural vision to life. Using a proprietary powder coating and sublimation process, our finishes achieve unmatched realism and long-lasting performance in both interior and exterior applications. Every finish is backed by a 15-year warranty—with a 20-year specialty warranty available upon request—so you can specify with confidence that your project will stand the test of time.

WOODGRAINS

WOODGRAIN VARIANCE SCALE

Woodgrain finishes will vary in tone and pattern. The following scale provides guidance of how much variation to expect across an installation.

V1 Minimal Variance V2 Moderate Variance V3 High Variance

SMOOTH & TEXTURED FINISHES

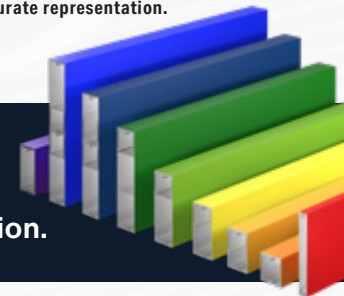

Colors and woodgrain patterns may vary by screen or print. We strongly advise to request samples for the most accurate representation.
