

# LUMAPLATE

FULL-DEPTH ALUMINUM PLATES

Lumaplate is a high-end architectural aluminum plate system engineered for projects that demand refined design and long-term performance. Finished with Lumabuilt's advanced powder-coating and sublimation technologies, offering superior durability and color stability compared to coil-coated alternatives, it excels in both exterior rainscreens and high-traffic interior applications.

Available in an extensive range of finishes, including woodgrain, marble, stone, metallic, pearlescent, rusted textures, solid colors, and custom options, Lumaplate provides exceptional creative freedom. Fabricated into complete engineered panel systems, it delivers precise detailing, clean architectural lines, and the strength of solid aluminum. Manufactured in the USA and fully recyclable, Lumaplate pairs premium aesthetics with responsible material integrity.

Lumaplate provides the ideal elevated, premium finish for:

- **Exterior Rainscreens**
- **Custom Architectural Features**
- **Lobbies**
- **Corridors**
- **Gathering Spaces**
- **Elevator Wraps**
- **Walls & Partitions**

## Premium Solid-Aluminum Performance

Architectural-grade aluminum plate delivers exceptional strength and long-term durability.

---

## Advanced Powder-Coated & Sublimated Finishes

High-performance finishes offer superior longevity and richer visual depth than coil-coated options.

---

## Extensive Design Flexibility

Available in woodgrain, stone, metallic, pearlescent, rusted textures, and custom colors.

---

## Engineered Panelized System

Fully fabricated panel assemblies ensure clean lines, precise detailing, and efficient installation.

---

## Made in the USA & Fully Recyclable

Domestic production using recyclable materials supports sustainability with no compromise.

### Proven. Certified. Trusted.

Tested and certified to meet fire and durability standards.

**Finish Durability**

AAMA 2605

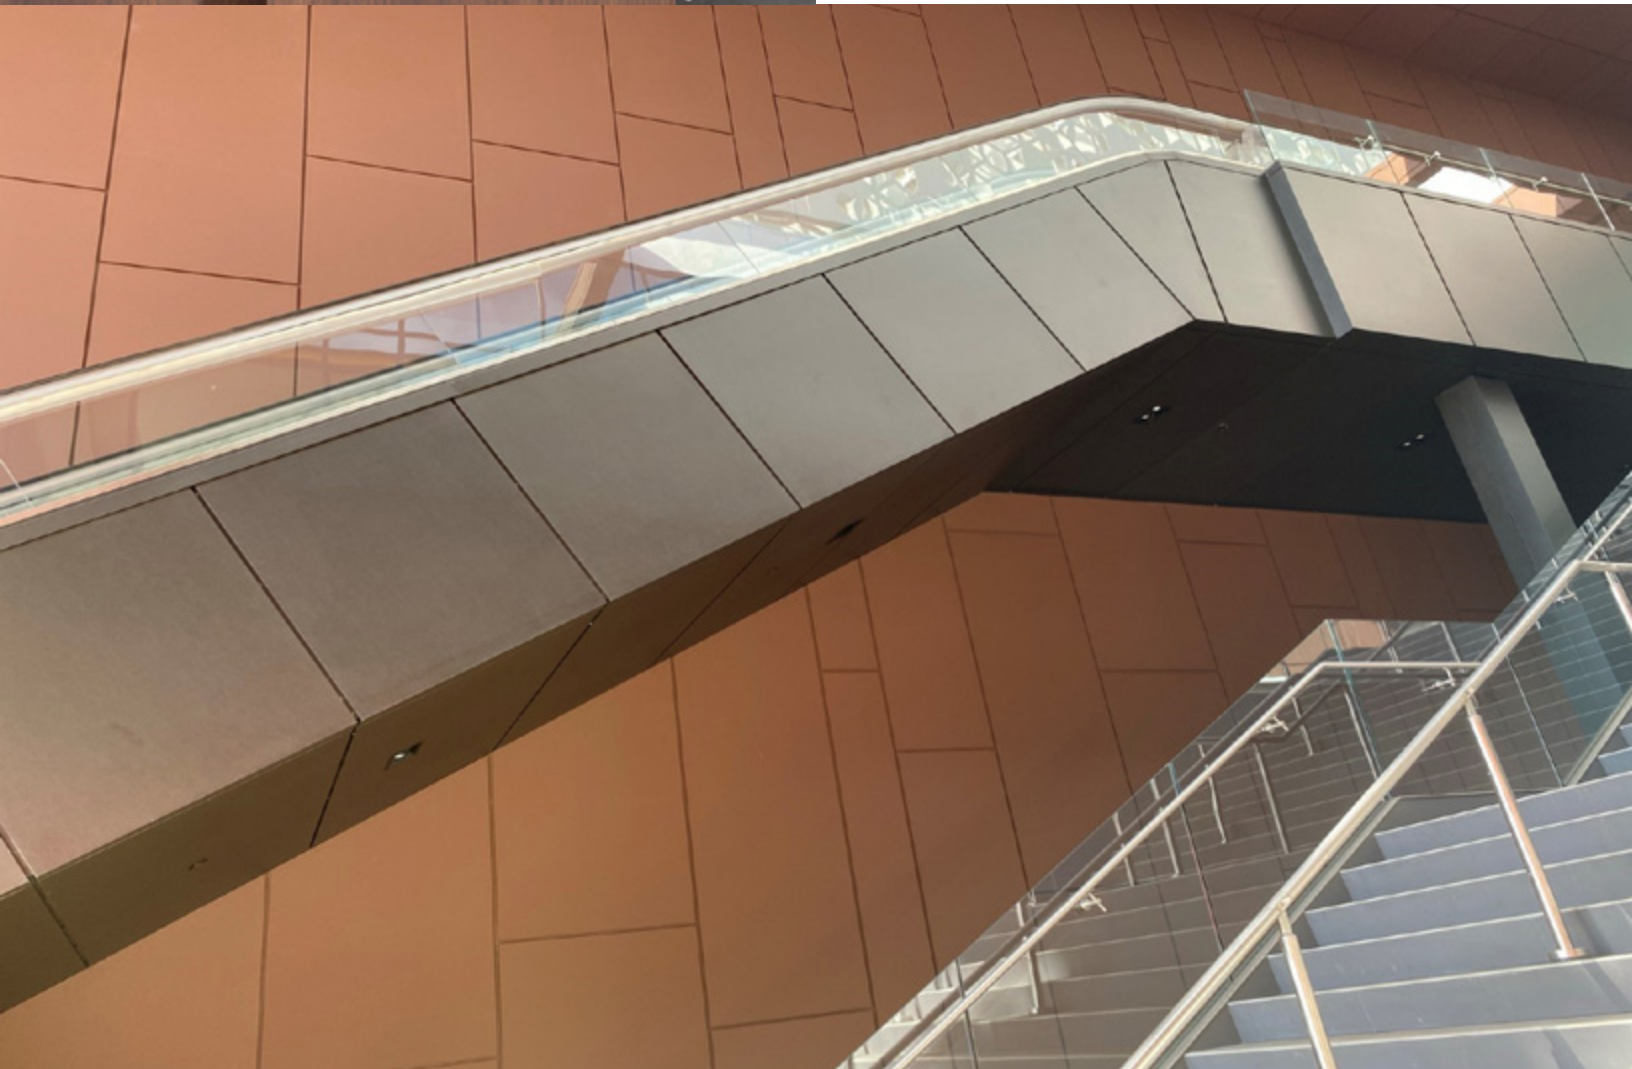

**Fire Resistance**

NFPA 285  
ASTME2768/E84  
ASTME136

## **Fabricated for Precision. Built to Last.**

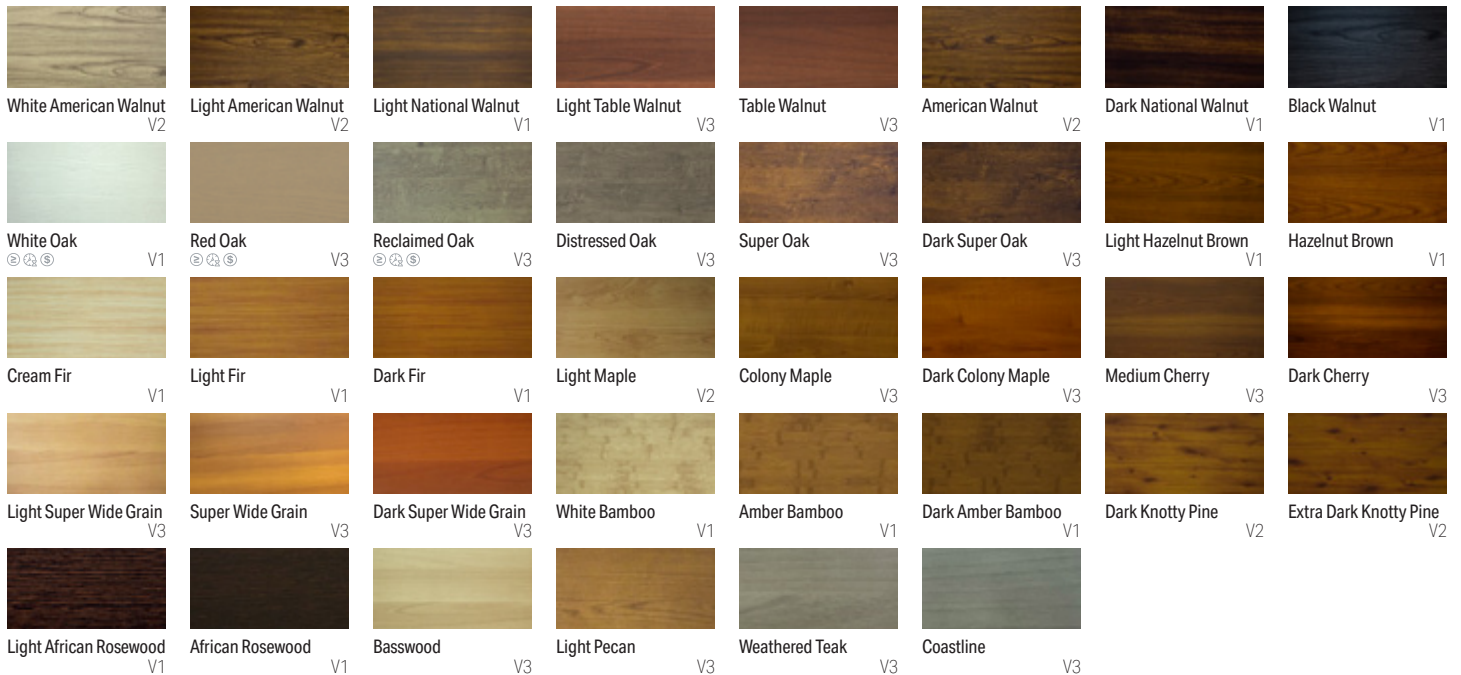

Each Lumaplate assembly is crafted from solid aluminum plate and fabricated to the exact specifications of the design—no adjustments required in the field. Delivered with all hardware and extrusions included, every panel arrives installation-ready, providing a streamlined process and a refined architectural result. Lumaplate turns fabrication quality into a defining design advantage.

# Finishes That Define the Design

From warm woodgrains to sleek solids and specialty textures, Lumabuilt offers a versatile palette designed to bring any architectural vision to life. Using a proprietary powder coating and sublimation process, our finishes achieve unmatched realism and long-lasting performance in both interior and exterior applications. Every finish is backed by a 15-year warranty—with a 20-year specialty warranty available upon request—so you can specify with confidence that your project will stand the test of time.

## WOODGRAINS

### WOODGRAIN VARIANCE SCALE

Woodgrain finishes will vary in tone and pattern. The following scale provides guidance of how much variation to expect across an installation.

V1 Minimal Variance    V2 Moderate Variance    V3 High Variance

## SMOOTH & TEXTURED FINISHES

**Colors and woodgrain patterns may vary by screen or print. We strongly advise to request samples for the most accurate representation.**
